July 2019

Dear Parent/Carer

At Erdington Academy we are passionate about all of our students getting a range of experiences and activities outside of their normal curriculum.

To facilitate this, we have three Enrichment Days timetabled throughout the next academic year.

- 21st November
- 11th March
- 1st May

The Enrichment Days cover a range of activities all carefully selected based on the needs of the student and carefully selected to develop skills and enhance student's horizons and add excitement to learning.

After years of reductions in funding in schools, we are increasingly limited with the money available to spend on the activities we have traditionally funded.

Next year we are asking that all students contribute £15 towards the funding of these Enrichment Activities. The money will go towards the following:

- Transport to and from your Enrichment Activities;
- The entrance fee to your Enrichment Activities.

You have the choice to pay one payment of £15 or two instalments of £7.50 the first of which will be due by **30th September.**

Yours faithfully

Elizabeth Cross
Mrs E Cross
Assistant Headteacher
