

‘My Choices’– information and support from Birmingham Careers Hub

Has Covid 19 changed your plans for next year? Have you thought much about the choices you have?

Nationally there is a view that young people leaving education after the summer will face different choices if continuing to learn at college or university, will be less able to access apprenticeships and will have tough competition for any jobs that are available. But is that right, and what can you do to prepare yourself?

Working with local and national organisations Birmingham Careers Hub and Pathway CTM is broadcasting a range of Webinars to discuss these topics. These events, key themes and links are listed below.

If you would like to find out more, register prior to the event and then tune in on the day.

Please follow the link below

- **Decision Making and Finding Support** 24th September: <https://www.eventbrite.co.uk/e/121223517805>
- **Pathways** 22nd October: <https://www.eventbrite.co.uk/e/121227267019>
- **Being Prepared** 26th November: <https://www.eventbrite.co.uk/e/121386453149>

During the Webinars you will hear about the support on offer to you and where you can go for further advice and guidance as well as have the opportunity to ask questions to the presenters via the chat function.
